Continuation of Substance of Interview including description of the general nature of what was discussed: The Examiner indicated that the claims would be in condition for allowance if the following amendments were made. In claim 3, the phrase "as a vaccine" would be deleted from line 7, the phrase "prepared as described in Example 3" would be deleted from the end of the claim, the following would be inserted in its place:

- - prepared as follows:

- (i) preparing a sterile suspension of influenza virus propagated in chicken embryos;
- (ii) inactivating the virus in the suspension with formaldehyde;
- (iii) concentrating and purifying the virus in a linear sucrose density gradient solution, where said concentrating and purifying is performed using a continuous flow centrifuge;
- (iv) chemically disrupting the purified inactivated virus using Triton X- 100, resulting in a split-antigen;
- (v) further purifying the split-antigen by chemical means;
- (vi) suspending the purified split-antigen in a sodium phosphate-buffered isotonic sodium chloride solution; and
- (vii) adding to the split-antigen solution a .05% Gelatin stabilizer and the preservative thimerosol at a 1:10,000 concentration. - -.

Claim 20 would be amended to delete the term "immunizing" in line 1, and replace it with the phrase - - inducing an immune response in- -.

The amendments were made to remove language from the claims referring to RSV vaccines or the immunization (as opposed to inducing an immune response) against RSV, and to make claim 3 such that it is complete in itself without reference to the teachings of the disclosure. See e.g., MPEP 2173.05(s).

The Applicant agreed to the amendments, and indicated that an Examiner's Amendment would be acceptable.
